Southwest

The Land of BIG CROPS and PROSPERITY.

Are you making as much off your farm as you ought? No doubt you are making all you CAN. The trouble is the land costs too much. It takes too much money to buy a big farm, and so you are trying to make a living on a small farm, or perhaps you are renting one and paying a good share of what you raise, in rent. Wouldn't it be better to go where the price of good land is so little that you can own a big farm—where every acre of the ground is working for you and all you raise is paying you good profits?

There are thousands of acres of fertile land in the Southwest along the line of the Cotton Belt Route that can be bought for from \$3 to \$10 an acre. This land is increasing in value each year.

See the Southwest at Small Cost.

A trip to the Southwest would convince you that your best interests lay in settling there. The trip can be made at very little expense. On the first and third Tuesdays of each month you can purchase a round trip ticket to any point in the Southwest on or via the Cotton Belt Route at very low rates. Stop-overs will be allowed for you to examine any locality you are interested in. Write at once for free copies of books describing this wonderful country and for full information about cost of tickets, etc.

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

IMPORTANT CONFERENCE

Evangelist Wilbur Chapman
Expected Here.

MEETS OCTOBER EIGHT.

Local Pastors Will Be Invited
to Take Part.

The meeting of the General Assembly's committee of the Presbyterian church in the United States, of which Rev. Wilbur Chapman, D. D., is a member and moving spirit, last spring arranged for a series of conferences in the South and Southwest. An assisting committee was appointed to conduct the services in the section named and Dr. Chapman has attended many of the conferences and great results have followed.

Arrangements are completed for a conference to be held in this city, beginning Monday, Oct. 29th. It is understood that the meeting will be held in the First Presbyterian church.

The public should not be misled by the word "conference," but understand that these services are evangelistic and everybody desiring to see the cause of Christ advanced are expected to attend all the meetings. Dr. W. J. Darby, of Evansville, will be one of the prominent evangelists that will come here to help church workers and labor to bring sinners into the kingdom of light.

Wherever this committee goes all the local pastors are invited to enter into the work. During their stay of three or four days the pastors of the city will, of course, take part in the conferences and all church members will lend their assistance and encourage the committee by their attendance.

Just at this time Christians generally are pretty much of one mind as to the need of a great meeting, but as to who might be most desired, and at the same time available, is the problem. This may be solved by the committee while it is here. It may be that Rev. Geo. Start, who is now one of the leading evangelists of the country, might be the choice of our citizens, but his availability is altogether improbable, as he doubtless has engagements running months ahead. No doubt he could accomplish much, but to get him is another matter.

Some had rather have Sam Jones than any other, but the last effort on the part of the tabernacle managers to have him conduct another meeting revealed that Mr. Jones would come but he wanted too much money. We know what we say, and we regret to have to make the fact known, for no man has ever done, as great a work here as Mr. Jones, objectionable as some of his sayings are. For awhile the people almost idolized him and overlooked his rough jokes because he was a thoroughly consecrated man. He never made more friends anywhere than here, but we dislike to say that he comes too high for a place like Hopkinsville. Great as he is he wants more than we can pay. Then, who is it to be? The question may be answered by the evangelistic committee to meet here on October 8th.
